APPLICATION**

THE HISTORIC MOTOR SPORTS ASSOCIATION

HMSA is one of the most respected historic racing organizations in the United States, producing world class spectator events across the country in addition to club and special invitational events.

HMSA events feature historic production cars built through 1966 and purpose built Formula, Sports Racing and Historic IMSA cars built through 1984. HMSA members own, restore, preserve and race the most historic sports and racing cars in the world.

THE CARS ARE THE STARS

HMSA was created in 1977 to serve as the sanctioning body for premiere historic racing events and remains the only organization to mandate that cars race as they were and not what they could have been (historically correct within time period the car originally raced).
